PROFESSIONAL SUMMARY

MCA graduate and Software Developer Intern with hands-on experience in Python, Django, ASP.NET, and MySQL for full-stack development. Skilled in REST APIs, database design, and scalable systems using OOP and MVC. Experience in AI/ML-based medical data classification. Quick learner with strong adaptability to new technologies. Seeking roles as Python Developer to contribute to innovative, data-driven applications.

WORK EXPERIENCE

Developer Intern

March 2024 – Aug 2024

Qvesys Info Tech, Kumbakonam

- Developed applications using ASP.NET, MySQL
- Optimized SQL queries and database design
- Built authentication and CRUD systems
- Created responsive UI using Bootstrap
- Generated reports using RDLC

EDUCATION

Master of Computer Applications - 8.4 CGPA

2024 - 2026

Government Arts College (Autonomous) Kumbakonam, Bharathidasan University

Bachelor of Computer Applications - 8.3 CGPA

2021 - 2024

Government Arts College (Autonomous) Kumbakonam, Bharathidasan University

PROJECTS

ALL Blood Cancer Detection (AI/ML)

- Built a CNN model to detect ALL using blood smear images with preprocessing and hybrid decision logic (CNN + CBC). Developed a React + Django web app

Billing & Inventory System (.NET)

- Developed a full-featured Billing and Inventory Management System to streamline retail operations, including invoice generation, stock tracking, GST calculations, and reporting. The system supports real-time stock validation to prevent overselling and ensures accurate financial records.

SKILLS

- **Languages:** Python, C#, Java, C++, JavaScript
- **Frameworks & Libraries:** Django, ASP.NET MVC, React.js, TensorFlow, scikit-learn, pandas, NumPy, OpenCV
- **Web Technologies:** HTML5, CSS3, Bootstrap 5, REST APIs, JSON
- **Database:** SQL, MySQL, Indexing, Query Optimization.
- **AI/ML:** CNN, LSTM, Supervised Learning, Classification
- **Tools:** GitHub, Power BI
- **Concepts:** OOP, MVC, MVT, REST APIs

CERTIFICATIONS

- Data Analytics using Power BI – **Microsoft** **2024**
- Foundation on Cloud – **IBM SkillsBuild** **2023**
